

FAASTeam presents:

Tristate Airport RSAT Placeholder

It is time for the annual Runway Safety Action Team (RSAT) Meeting! An important component of our ongoing efforts to improve surface safety at HTS involves conducting a Runway Safety Action Team (RSAT) meeting at least once each year. In conjunction with airport management, we will be conducting the local RSAT meeting on Tuesday, September 14th, 2021. The meeting is scheduled to begin at 6 p.m. at the Lawrence County (HTW) Airport and will be held at the "T" Hangars. The purpose of this RSAT meeting is to unite those stakeholders that are actively involved in air traffic operations and movement of aircraft, vehicles and equipment on the Airport Operations Area (AOA). We look for participation from all major airport interests including tenants, fixed base operators, airport operations and maintenance personnel. Participants are asked to help develop recommendations and solutions to enhance surface safety. Those recommendations serve as the foundation for a site-specific Runway Safety Action Plan. You are cordially invited to join us.
